It is more than immediate to accept that ... almost no Ruler read "The Plato's Republic" ... and neither have an idea of Modern nor Divine Mathematics.

The Divine Mathematics works with Absolutes ... and therefore is more exact ... or infinitely more exact than the Empirical Math that consider the existence of Irrational ... or Surds ... like $\sqrt{2}$... $\sqrt{3}$... or π or e ...

The introduction of the Quantum Arithmetic like part of the Quantum Mathematics (to be drawn ...) that works with "Influential Numbers" ... all Natural ... up to produce from a small set the Construction of the Great Pyramid walk on Triangles and jump from ...

What was the mistake? he said.

After plane geometry, I said, we proceeded at once to solids in revolution, instead of taking solids in themselves; whereas after the second dimension the third, which is concerned with cubes and dimensions of depth, ought to have followed.

Therefore the Philosopher-King ... must know all these concepts in full details and work with them ... easily.
